

BARNEGAT YACHT RACES.

Lively Schedule Arranged for the Summer.

Special to The New York Times.

TOMS RIVER, N. J., May 30.—The Barnegat Bay Yacht Racing Association has selected the Seaside Park Yacht Club for its headquarters during the season, which will begin on June 27. Plans have been completed which will assure the most successful racing period in the history of Barnegat Bay.

The association has received a valuable acquisition in the Mantoloking Yacht Club, whose handsome new house is rapidly approaching completion. The other members of the association are the Bay Head Yacht Club, Island Heights Yacht Club, Ocean Gate Yacht Club, and Seaside Park Yacht Club. The Toms River Yacht Club, which is the largest on the bay, with many of the finest pleasure craft on the Atlantic Coast, maintains an independent existence, but it is believed before the season of 1914 ends it will be enrolled as a member of the Barnegat Bay Yacht Racing Association.

At a recent meeting held at the Stratford Hotel, Philadelphia, the following racing schedule was arranged:

June 27, Bay Head Yacht Club. Open try-outs for sneakbox class. Prizes donated by the Bay Head Yacht Club.

Sept. 7, Bay Head Yacht Club. Morning—Ladies' championship, sneakbox race. Afternoon—Fourth and final point race for the championship of Barnegat Bay, at which time the Barnegat Bay Yacht Racing Association will award the championship cup and pennant.

There is unusual activity this year among the yachtsmen along the bay and everything points to a record season. The Seaside Park Yacht Club is having its clubhouse remodeled and enlarged under the direction of a committee headed by George C. Duncan as Chairman.

Commodore Merman Muller, the hustling Secretary of the Barnegat Bay Yacht Racing Association, has made his headquarters at the Seaside Park Yacht Club.

The intense rivalry between the devotees of the various styles of sneakboxes has aroused keen interest among the ladies, and each of the clubs will have ladies' races. In the many events in 1913 no less than twelve were won by ladies.

The Island Heights Yacht Club has given notice that it will maintain lights on Good Luck Point and Cedar Creek Point, Lanoka, and Long Point.

Commodore E. A. Lloyd, Jr., of the Island Heights Yacht Club, has requested that Aug. 1 be set aside as a day of general interest, since the race for the Schermerhorn Challenge Cup for sloops will be sailed on that day, and the Ocean City fleet will pay a visit to the Island Heights Club. He has also asked a sanction for the cruiser race to Atlantic City.

The Seaside Park Club is arranging an elaborate programme for July 4. There will be a number of races, the festivities ending with fireworks and a dance at the clubhouse. Commodore Muller has the assurance of the borough officials that they will be guests of the club.
