

US SAILING Championships

Exciting Changes in Place for US SAILING's Championships

US SAILING spent a considerable amount of time over the past two years talking to sailors across the country, getting their thoughts and suggestions on how to improve our championships to be more sailor-friendly. As a result, US SAILING is excited to announce some important changes to our championship series.

U.S. Singlehanded Championships

This event has added a new division for women, 16 or older. The women will race in Lasers. This year's championship will be held at the Pensacola Yacht Club on August 1.

U.S. Multihull Championship / U.S. Youth Multihull Championship

Another change has been introduced for the multihull events. Recognizing that racing is a family affair, the U.S. Youth Multihull will precede the adult championship and then the adult championship. The U.S. Youth Multihull Championship and U.S. Multihull Championship will be raced out of the Houston Yacht Club in late May, beginning May 21.

U.S. Junior Sailing Championships / U.S. Youth Sailing Championships

The summer junior championship series has a new line-up. Sailors will start at the bottom and work their way to the top. This format gives sailors the entire summer to train for the events, Chubb Clinics, area eliminations and/or championships. Sailors should enter the U.S. Junior Sailing Championships and/or U.S. Youth Sailing Championships at the top of the season.

U.S. Men's Sailing Championship / U.S. Women's Sailing Championship

The U.S. Men's Championship for the Mallory Trophy and the U.S. Women's Championship for the U.S. Women's Cup merged on a permanent basis and formed one committee to run the event. The U.S. Men's and Women's Championships were run together only on odd-numbered years. The US SAILING Center Sheboygan 2010 on the shores of Lake Michigan on September 22-25. Eliminations for the event will be held at the US SAILING Center Sheboygan, although some regional restrictions apply.

U.S. Singlehanded Championship Revamped

PORTSMOUTH, R.I. (December 17, 2009) – US SAILING and the U.S. Singlehanded Championship Committee have taken a long hard look at this National Championship and are re-evaluating the needs of singlehanded racers in the U.S.

There are several classes that make up the bulk of the singlehanded sailors (Farr 40, to name a few), but the championship has been predominately sailed in the past by men despite a significant increase of women's participation in the singlehanded classes in recent years. With the popularity of the U.S. Junior Women's Singlehanded Championship and the U.S. Women's Radial class to the Olympics, US SAILING recognized that there was an opportunity to create a more inclusive and competitive event.

In 2010, the Laser will be the boat for the Men's Championship and the Women sailed in the Radial Rig. Make your plans now to qualify for the 2010 U.S. Single hosted by the Pensacola Yacht Club (Fla.) on July 29 - August 1, and sponsored LaserPerformance.

Area C

Junior:

US SAILING's Chubb U.S. Junior Championship *for the Sears, Bemis and Smythe Trophies*
